

.1 סדר את הלשוניות לפי המספרים

The screenshot shows a software application window with a dark theme. At the top, there is a progress bar labeled "PROGRESS 3/10" with a green progress indicator. Below the progress bar, the word "Setup" is highlighted in red. The main area contains several input fields and dropdown menus. On the left, a dropdown menu for "Standard" is open, showing "AMS-STD-2154E" and "Most Stringent" as options. To the right of this, there are fields for "Part Number" (P/N 12345-678), "Part Name" (Landing Gear Support Bracket), "Material" (Select material...), "Material Specification" (Select material first), "Thickness (mm)" (25), "Length (mm)" (100), and "Width (mm)" (50). Further down, there are fields for "Drawing No." (DWG-12345), "Heat Treat" (T6, Annealed...), "Velocity (m/s)", and "Density (kg/m³)". At the bottom right, there is a blue button labeled "3D". Red numbers 1 through 8 are overlaid on the top navigation bar, and a green circle highlights the "Standard" dropdown.
